

At HubIT we celebrate this season and the coming year by making available to you a set of free events. From hackathons to common ground camps, from health to cybersecurity, there's something for everyone that wants to take part in responsible research and innovation (RRI). **Check our list of events:**

LabourTech2021 Conference - Registrations open

HubIT Project is hosting LabourTech2021 that is focusing on the impact of technologies in the labour market. It takes place on the 4th of February through a virtual session and will count with the presence of renowned personalities from the Industry 4.0 field.

HubIT launches series of Webinars

HubIT continues pushing further the RRI agenda. Now, we will be implementing a series of webinars to raise awareness about the needs and benefits of the collaboration between SSH (social sciences and humanities) and ICT (information and communication technologies).

The first webinar already took place on the 18th of December. The next one comes to you on the 13th of January. Stay tuned for more information soon!

More HubIT events to look for:

"The Digital Agenda & the Horizon Europe Missions – the future of SSH/ICT cooperation"

Date: January 14 | 10 am - 12.30 am CET
Place: Virtual Session

Join the workshop to hear Dr. René von Schomberg and Mr. Nikos Kastrinos from the European Commission share their views on the future role of SSH/ICT cooperation.

Share what challenges you see, discuss possible solutions and help us strengthen our policy recommendations.

"Cracking the SDG Challenges" – HubIT Common Ground Camp

Date: January 27-29
Place: Mainly coordinated virtually. Selected teams will have the opportunity to meet physically at different locations across Europe.

Select one of the 17 SDGs challenges and produce a solution in a 48-hour window. You can be one step forward to overcoming the negative impacts of the pandemic. Take part on the challenge, travel Europe and receive prizes. More information soon.

[+ INFO AND REGISTRATION](#)

Impact Innovation Designathon

Date: January 29-31
Place: Virtual Session

The e-Health and food industry sectors received a clear „additional“ impetus due to the pandemic to proceed with the digitisation process. Gather a team and come think together to develop new innovation ideas to solve the issues this sector is facing. Come fine-tune your ideas and pitch to a jury of well-acknowledge experts and compete for valuable prizes.

"Cybersecurity in Healthcare" – The final HubIT International Workshop

Date: February 11 | 10 am – 1 pm CET
Place: Virtual Session

The aim of this workshop is to consider the requirements for cybersecurity solutions in the area of digital healthcare. The workshop will include at least 3 expert speakers and one breakout session.

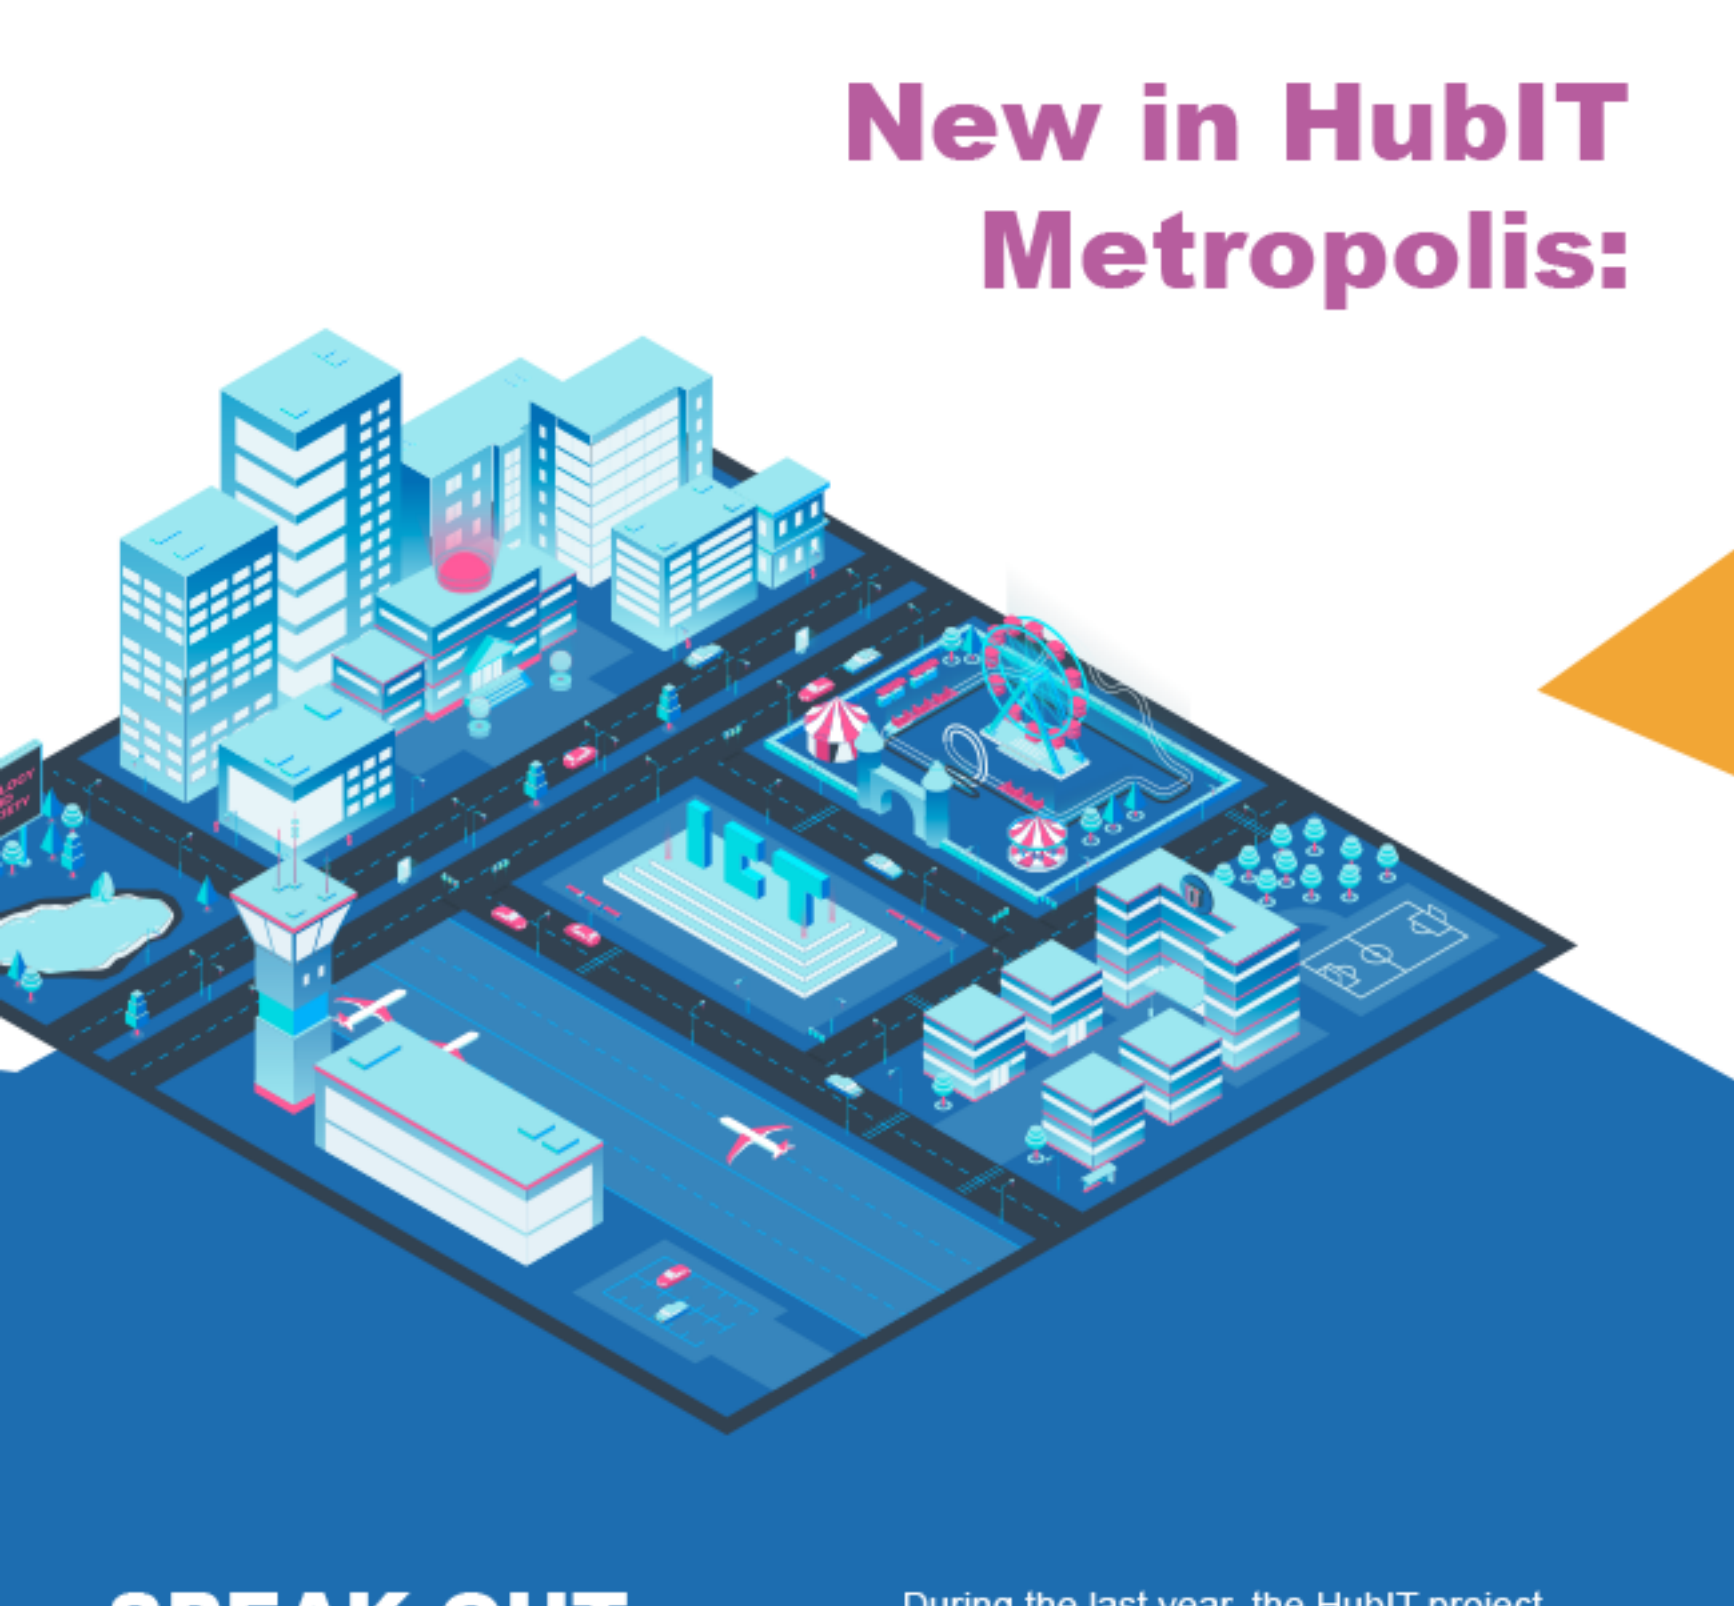

[+ INFORMATION](#)

The last ICT Maker Lab

Date: TBC
Place: Tel Aviv

HubIT MakerLabs are sprint like events that bring together around participants with interdisciplinary backgrounds to work on ICT prototypes addressing social issues.

[Stay tuned. More information will be available soon!](#)

SPEAK OUT

HubIT Forum – Check the results from the online discussions

[CHECK FACTSHEETS](#)

HubIT is making available an open-access platform available for anyone wanting to organize a brokerage event with 1-1 to meetings. You just need to register to the platform, create an event and include your sessions!

During the last year, the HubIT project organized public chat rooms where we discussed important topics related to responsible research and innovation and the integration of social sciences and humanities in ICT.

We now make available the conclusions of these discussions through a set of factsheets.

HubIT match-making

Organizing 1 to 1 meetings for brokerage events was never this easy
